

Advertising by MPOA member businesses in the Mazinaw Lake 2022 Directory

The Mazinaw Property Owners Association publishes a lake directory for its members and various emergency services (police, fire, etc.) about every four years. You are invited to submit a business card sized advertisement which will appear in an advertising section at the back of the directory. These directories are very popular, and our members refer to them frequently so that an ad placed there will be seen for the four years or until the next directory is published.
